

LGVMA

Lesbian and Gay Veterinary Medical Association

The Lesbian and Gay Veterinary Medical Association (LGVMA) is the world's largest and oldest association of lesbian, gay, bisexual and transgender veterinary health care professionals and our straight allies.

LGVMA is a 501(c) 6 non-profit organization. We help fund scholarships and programs for veterinary and veterinary technician students, promote diversity and educational workshops, and act as a resource for our membership, our profession, the “One-Health” initiative, and the public.

Please join LGVMA as a member, or friend of LGVMA. We encourage all of our supporters and allies to participate.

Mission Statement: LGVMA is a North American not-for-profit membership organization of lesbian, gay, bisexual and transgender (LGBT) veterinarians, veterinary technicians, students and their supporters working to provide support for individuals, education to the community, and a forum for information exchange and social interaction.

Vision Statement: Our vision is a veterinary profession in which we all live to our full potential, both personally and professionally, conduct our lives openly and with integrity, and freely share our experience and wisdom for the betterment of and care for ourselves, our profession, our clients and all animals.

Membership in the LGVMA is open to anyone regardless of occupation, education, sex or sexual orientation. Membership is for one year from the date of dues payment.
